

# GLAMPERVAN MUV

FOR THE RAM PROMASTER 136 HIGH ROOF

Camping in beautiful places just got a whole lot easier

Luscious bed, always ready for you

Fridge, sink, stove, cabinets, drawers, task lights. Keep the kitchen stocked so you are always ready to go

A two-person, multi-use vehicle (MUV) that can take you on adventures and fit into your day-to-day life:

- Camper van
- Mobile office
- Cargo van/hauler

## COMFORTABLE

- **SLEEP:** Queen size bed, always ready for a quick nap or crashing after a hard day hiking. Comfy memory foam mattress. Sideways bed allows 16 in more living area than other van bed configurations. Bed is a full 60 in wide and 76 in long (6 ft 4in)—only 4 in short of a standard queen. Window covers for all windows for privacy, thermal insulation . . . and sleeping in.
- **FRIDGE:** Large, 65 liter, top-down refrigerator/freezer. Keep it stocked, it's always ready when you are.
- **SPACE:** Surprisingly large living area for a van this size. Room to cook, read, dine, work, clean up, entertain, sleep when darkness or weather forces you inside
- **INSULATED:** a three-layer system for sound deadening, thermal, and vapor barrier in the floor, walls, and ceiling. Shades for all windows add privacy and insulation. Optional gasoline space heater to keep you cozy in the worst storm.
- **LIGHTS:** Meticulous lighting design inside, outside and in the storage. You are no longer left out in the dark on those late, drizzly, tired nights.
- **AIR:** Two natural & powered vents to keep you cool and air fresh.
- **SOUND:** Upgraded audio system to make camp, road trip, or work a pleasure.
- **STYLE:** Finely crafted with beautiful birch plywood, vinyl floor, and marine quality drawer and cabinet hardware.
- **PORCH:** Awning and porch lights expands living to the outdoors.
- **POTTY:** Hideaway portable toilet keeps you out of the weather when you need it most.

Dining or work desk? Seats swivel, table swivels. Feels like 4 ft is added to the living space

Large, well lit "garage" storage in back under the bed

Raise the Murphy bed (left) and the MUV is transformed into a hauler or a mobile office for interacting with clients

## CAPABLE

- **POWER:** Ample lights throughout, USB ports, 12v outlets, 110v outlets. Power for the refrigerator, fan vents, sound system, and all your devices. Charger/inverter gives up to 2,000w of 110v power. Three auxiliary batteries provide 300AH of electricity allowing several days use without recharging/driving. Recharges when driven, plugged into shore power, or with optional solar panels.
- **STORAGE, STORAGE, STORAGE:** TOP: cabinets above kitchen and bed. MIDDLE: drawers/cabinets under kitchen counter and bed. BACK: The "garage" in the back, under the bed is perfect for all the necessary and unnecessary gear for your trip.
- **ROOF/HITCH:** Rack with walkable deck on top can lug anything you can strap on it. Hitch for bike racks.
- **HAUL:** Stow the Murphy bed and mattresses and your van becomes a hauler with cargo space—10 ft x 6 ft x 3 ft—for bikes, gear, building materials, you name it.

## NIMBLE

- **EASY:** It's super easy to drive, shortest turning radius available in a full-size van. Perfect for freeways, mountains, cities, parking lots—from commuting to cross-country. Anybody can drive it.
- **STEALTHY:** Is small and inconspicuous so you can you can camp for the night just about anywhere. Just park, close the window covers, be respectful of your neighbors. You've got everything you need inside.
- **ACCESS:** you won't believe the adventures near and far that you now have access to. Why? Because most of the time you can find a place to camp when the sun goes down, rather than return to cabin, campground or hotel.
