

SF Bay Area New
RAM Promaster High Roof 136s
compatible with Glampervan MUV
Updated 6.28.18

CONSIDERATIONS																
Dealer proximity: You can get your van serviced anywhere, but continuity from sale to service can't be a bad thing																
Any dealer can get any van, but some can get it cheaper than others																
Some dealers throw in a \$1,000 extra upfit																
There are always big dealer incentives. Example: \$4,250 in May 2018																
You can finance through Chrysler 140% of the invoice price (invoice aprox \$1,500 under sticker price) to include both dealer upfits and Glampervan upfits																
Dealers tend to react to phone calls and showing up at their lot. Email not so much.																
Glampervan is still in process of building relationships with dealers. That said, Autoworld in Petaluma seems best at 'getting it' about camper vans																
Van locator:			https://www.ramtrucks.com/new-inventory.html?modelYearCode=IUT201800&radius=100													
VANS & DEALERS
